Event equipment XXXL bis S

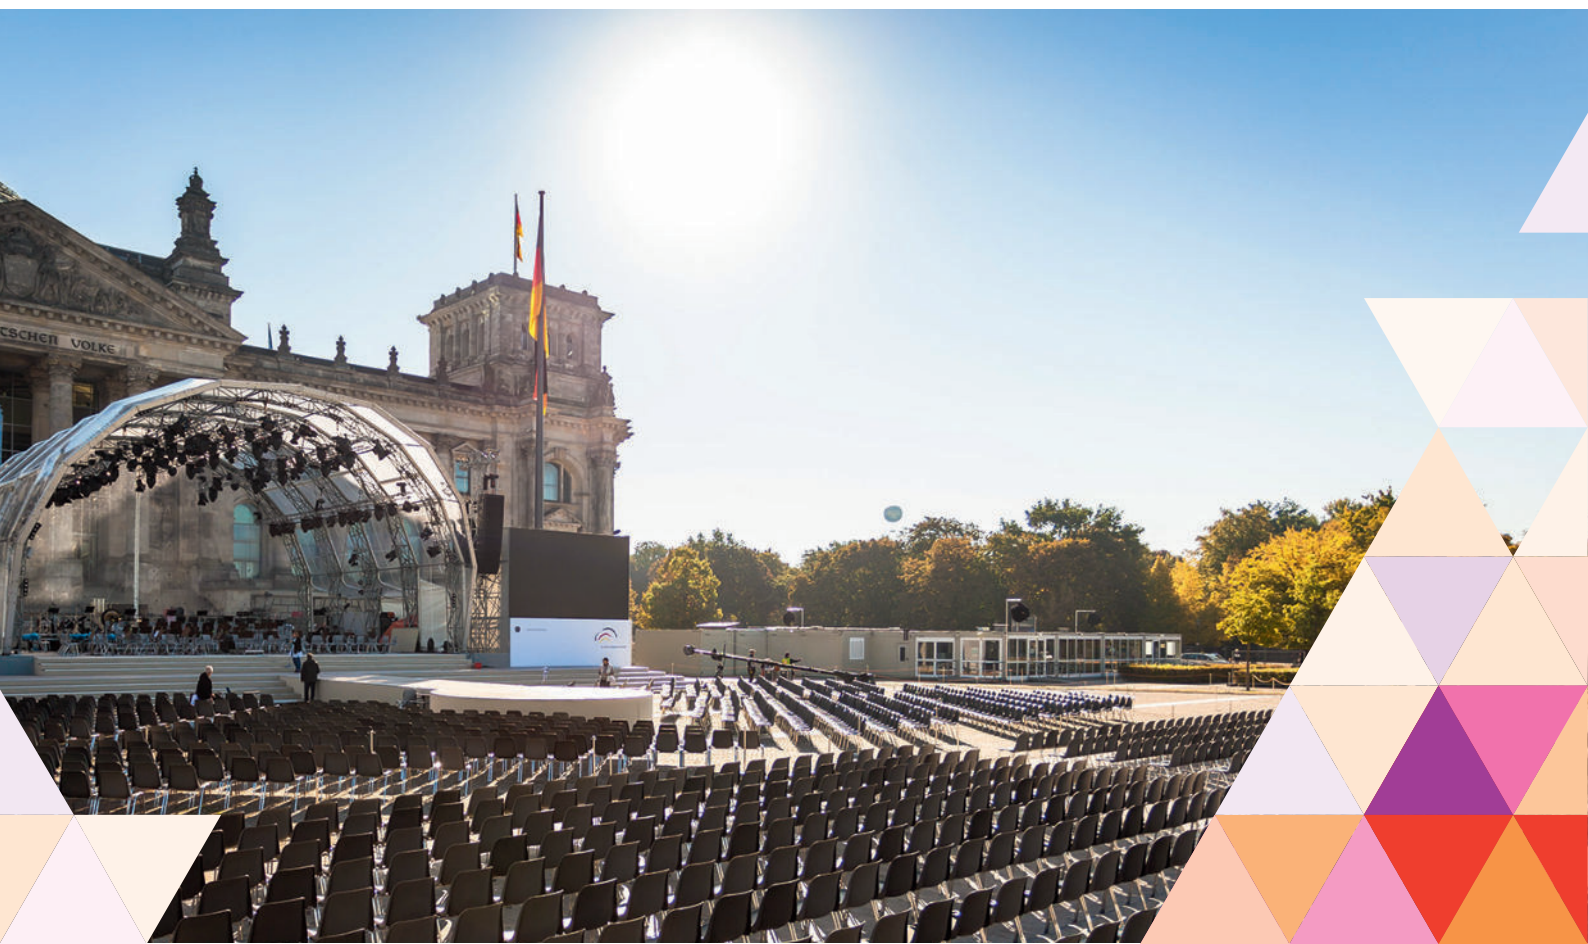

Do you know an event supplier who offers you fixed transport costs in the Berlin and Potsdam area? Whether you need just one chair or 10.000? we make it easy!

Founded in Berlin in 1993. Today in demand nationwide. We are your partner for the successful furnishing of your event. Our employees plan, design and realise your ideas and wishes.

Our services are based on our **12.000 m² warehouse** with over 1 million items, efficient logistics and our network of high-performance partners.

Do you want something special or unique? We can fulfil your individual wishes in our in-house workshops. Fair prices included and there for you **24/7** by phone.

we make it easy!

and many more...

Rental furniture

The perfect furniture for every occasion. Whether you need a single item or a large quantity - we are sure to have the right furniture for your event in our 12.000 m² warehouse.

And by the way: assembly and dismantling are included in the hire price.

Booth construction

We build everything - from sideboards and metaplan walls to signs with customised panelling made of glass, acrylic or printed piping fabric. We equip your event with system and style.

Stage // Deco construction

Our creative department realises the extraordinary for you. We lay out the golden catwalk for you, design your stage or press back wall, produce customised wooden constructions and modern digital graphics. From preparation to construction. Everything from a single source.

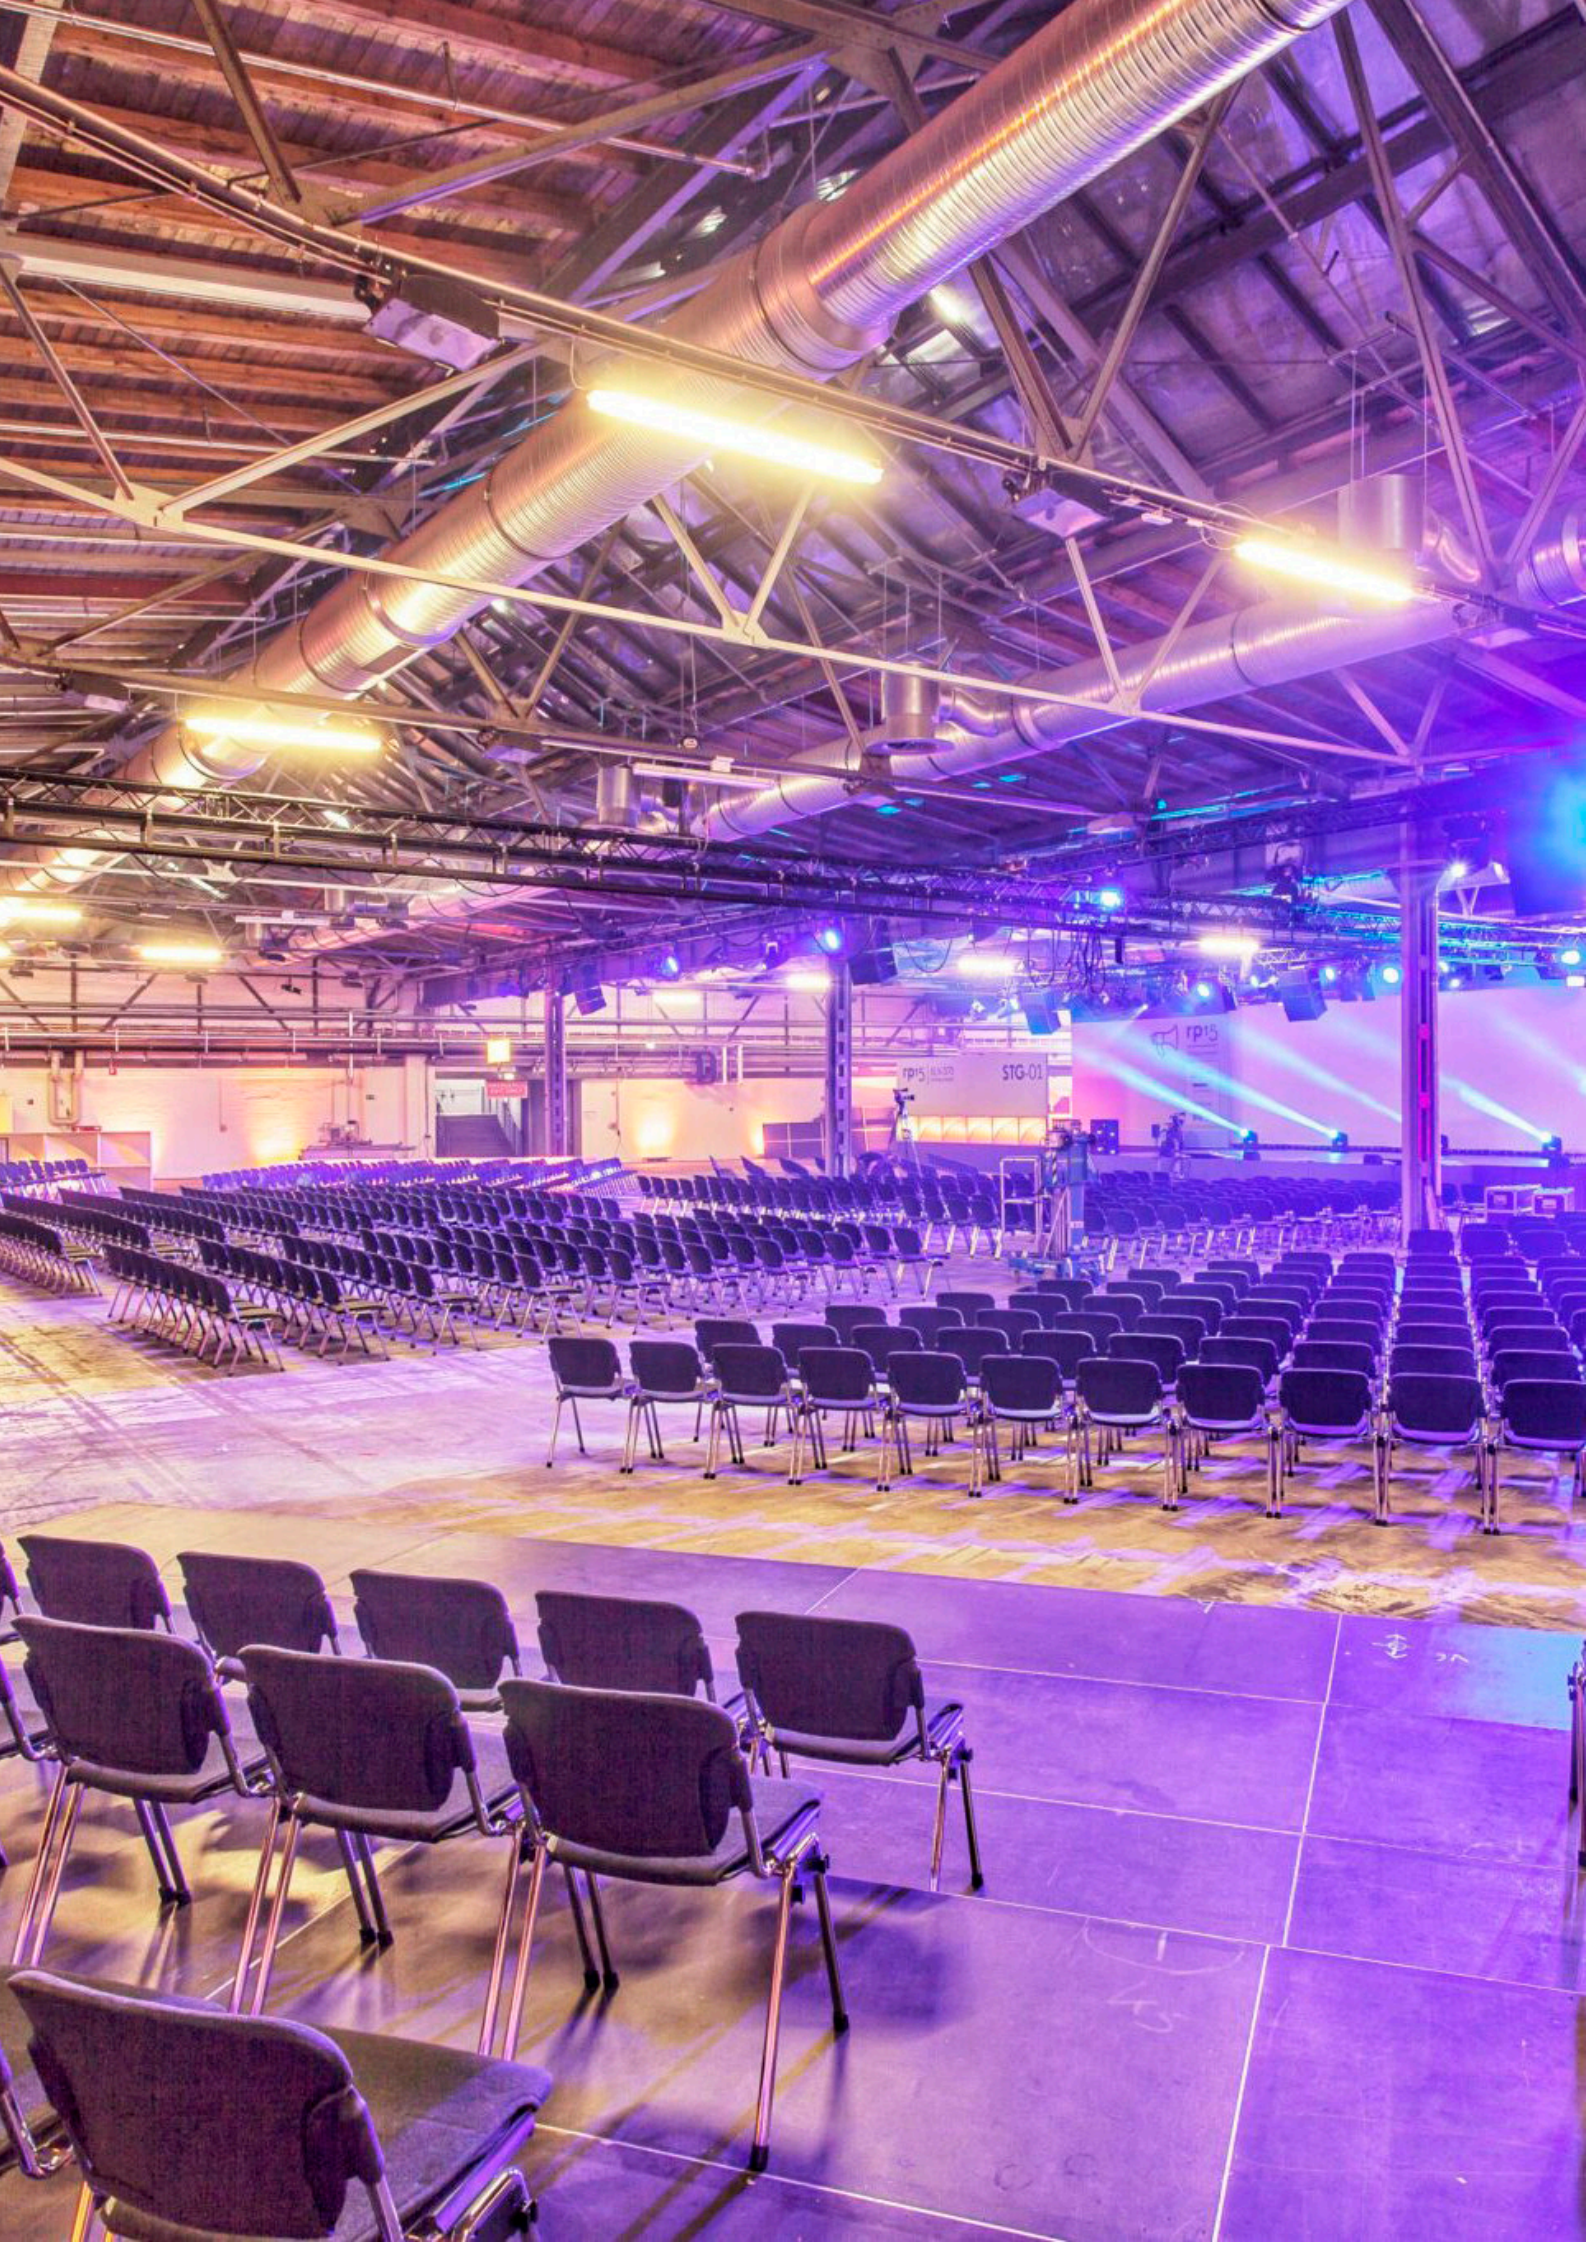

Service / Print shop

Would you like to use your corporate colours? Special shapes tailored to your brand image or simply even more comfortable upholstery? We produce according to your individual ideas. Fast and uncomplicated: From the warehouse directly to our in-house upholstery, joinery or print shop.

SPITZENLEIST AUS TRADITIO

we make it safe! 
mobile air purifiers - B2B - rent | buy | lease

Highly efficient air purification for a safe environment Functionality & attractive design - air purifiers from Nevoox make it possible.

- HEPA-13 filter** - 99.95% filter performance for viruses and bacteria
- Highest flexibility** through mobility
- 6-fold filter system**
- Intelligent sensor** technology
- Logging to verify** air quality via the ProxiCube add-on unit
- Low noise level** - 35 dB ensures well-being and concentration

we make it sustainable!

expofair is very keen to combine economic and ecological aspects. Conserving resources is now part of the daily routine. Timeless design and lightweight construction with high functionality are key features of durable rental furniture. In-house construction of transport systems as well as reusable protective covers ensure that our event equipment retains its value. We manufacture exclusive and CD-compliant furniture ourselves in our workshops. Here we pay attention to every detail, including the multiple and durable use of materials.

expofair's broad product/service portfolio enables us to offer our customers a full service in many areas (rental furniture, trade fair and stage construction, decoration construction, workshops, etc.). In detail, this means a reduction in the number of service providers commissioned for the respective event for our customers. This in turn reduces communication and logistics costs, transport is reduced or linked in a targeted manner, which in turn reduces costs and emissions.

we do it digitally!

Digital formats are more than just an alternative, they will remain an integral part of a successful event in the future and will continue to impress with their advantages.

Our digital studio offers a unique infrastructure consisting of event equipment, event technology and conceptualisation - all under one roof

300 m² studio space with back office (cloakroom and lounge area)

Customisable and expandable / 3 sets for immediate use

Live streaming of events - We also offer our customers the mobile variant

Digital advantages - high reach, visibility of your brand, planning security, cost efficiency and much more
